

# ACHIEVE STAFFING

## YOUR 1<sup>ST</sup> CHOICE FOR A 2<sup>ND</sup> CHANCE

Achieve Staffing is a full service non-profit Alternative Staffing Organization (ASO). We combine traditional staffing with increased supports for job candidates offering them Temporary, Temp to Hire, and Permanent positions.

Achieve Staffing helps people with barriers to employment rebuild their lives, while also assisting local employers to reduce turnover by finding **motivated, qualified,** and **reliable** employees.

At Achieve Staffing we walk alongside employer partners and employees to make sure both achieve success – for short-term assignments or to build towards long-term and/or permanent placements.

**This is the ACHIEVE advantage.**

We fill entry-level and semi-skilled positions throughout Greater Cleveland in hospitality, janitorial, manufacturing, customer service, and other industries.

- Guest services event staff, concessions, attendants, and cleaners
- General labor/Short-term projects
- Other entry-level and semi-skilled roles

# OUR MISSION & VISION

ACHIEVE powerful staffing solutions in Greater Cleveland by equipping job-seekers with accessible training and services, and connecting them to local companies looking for qualified entry-level employees.

BUILD an equitable world of work – to change lives, contribute to Greater Cleveland's economy, and enrich our community.

## ACHIEVE STAFFING is different. Unlike conventional staffing agencies we...

- Are a non-profit Alternative Staffing Organization driven by mission and purpose
- Know our candidates (we call them **ACHIEVERS**) and carefully screen and match them to business needs
- Understand and address traditionally high turnover for entry-level employees (a chronic and costly problem for many businesses)
- Coach and support **ACHIEVERS** before, during, and after placement – so both candidates and employers can succeed
- Help employer partners achieve social investment and diversity goals

**Achieve Staffing is supported by:**

Together We Thrive

## As an alternative staffing agency, we...

- See employment as a path to economic self-sufficiency for Greater Clevelanders.
- Serve three customers – candidates, helping them succeed in the workplace; employers, supplying motivated, qualified and reliable workers; and community, producing positive outcomes for our local economy.
- Think about job candidates as people first, starting with...
  - assessments to understand their strengths and challenges to make good job matches
  - connections to support needed to get to work and keep working
  - orientation and preparation for new job assignments
  - coaching to address on-the-job concerns and resolve problems
  - training to build economic well-being (e.g., financial literacy, digital literacy, and GED classes)
